## 14.2 Substantive Change

- 14.2 The institution has a policy and procedure to ensure that all substantive changes are reported in accordance with SACSCOC's policy.  
(*Substantive change*)

### Compliance

The Off-Site Reaffirmation Committee found support for the institution's case for compliance.

The institution's policy ACAF 2.11 Substantive Change provides clear procedures and lines of authority for the notification and approval of substantive change. The procedures are also embedded within the various clauses, appendices, and procedures in the institution's policy ACAF 2.00, Creation and Revision of Academic Programs. The policies are disseminated publicly in the institution's Policies and Procedures manual via the Provost's website. All policies are reviewed and revised as necessary each quinquennium. The president holds policy enforcement authority.

The institution provided documentation of policy implementation. All substantive changes related to degree programs begin with a pre-authorization request for Provost review. While the image of the process in the narrative was too blurred to fully read, the additional evidence and narrative was sufficient to demonstrate that the institution implements its policy consistently. The institution provided documentation of seven examples of policy implementation.

The Off-Site Reaffirmation Committee reviewed the institution's complete list of substantive changes since its last reaffirmation by accessing the institution's SACSCOC Document Directory website. The website provides documentation of the notification to SACSCOC and the SACSCOC response. The institution has had 18 substantive changes and they are all have been reported in accordance with SACSCOC's policy.
