## **Lexington High School Prospectus**

List of Degrees and Major which the institution is authorized to grant: (See [Appendix A](#))

List of Existing Approved Off-Campus Sites and their addresses: (See [Appendix B](#))

### **I. Abstract**

The primary mission of the University of South Carolina is the education of the state's diverse citizens through teaching, research, creative activity, and service. Founded in 1801, the USC system is the largest university in the state, serving more than 50,000 students from its flagship Columbia campus, three comprehensive campuses (Aiken, Beaufort, and Upstate), and four regional campuses (Lancaster, Salkehatchie, Sumter, and Union).

The University of South Carolina Sumter, a regional campus of the University of South Carolina, has as its mission to provide higher education and intellectual leadership to residents in its area. Its mission and vision statements were approved by the University's Board of Trustees in June 2016.

To better serve constituents in the adjacent communities in Lexington County, USC Sumter seeks the establishment of an educational site in Lexington, SC. The physical address of the site is:

Lexington High School  
2463 Augusta Highway  
Lexington, SC 29072

Current course offerings at the site comprise less than 50% of courses applicable towards an associate degree, and SACSCOC was notified on November 21, 2021 and SACSCOC approved May 11, 2022 ([Appendix C](#) ) for offering 25-49% of the AA and AS program at the site. Instructional methods employed for these courses consist of traditional in-class, on-site, and online instruction, with USC-approved faculty members teaching the classes.

Population growth and demographic changes within the target population have led to a demonstrated demand for additional courses at the site. In order to be able to meet its mission of serving these students, USC Sumter is requesting to offer more than 50% of its Associate degrees at the Lexington High School site (2463 Augusta Highway, Lexington, SC 29072).

### **II. Determination of the Need for Change/Relationship to Mission/Planning and Approvals for Change**

#### **A. Background**

At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service, and creative endeavor which enrich the classroom experience. USC Sumter offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University and throughout life.

The University of South Carolina Sumter recruits students prepared to succeed in completing a baccalaureate-level education. While the institution does not offer remedial instruction, it is nonetheless able to admit most students who apply due to the close working relationship between students and faculty. Enrollment varies with community need, but is expected to remain at approximately 1,300 students. The University of South Carolina Sumter was established to encourage higher education in the counties of Clarendon, Lee, Kershaw, Sumter, and Williamsburg. The original design of the institution incorporated a flexibility that has allowed changes in institutional capability with increasing educational demands of constituents.

The institution awards the Associate of Arts and Associate of Science degrees and provides for the completion of selected bachelor's degrees on campus through cooperative agreements and delivery structures with other USC System institutions. USC Sumter also provides general education and upper division coursework applicable to baccalaureate degree programs offered through colleges and universities nationwide. In addition to academic coursework, the mission of the campus includes non-credit courses, seminars, and workshops made available to the community for cultural enrichment and professional development.

The traditions of cultural diversity and freedom of thought are valued at USC Sumter. In a learning environment that develops respect for racial, geographical, intellectual, and economic diversity and an awareness of individual, societal, and global responsibilities, USC Sumter promotes courses, activities, and attitudes which influence the life of the mind in men and women and instill in them a thirst to continue learning throughout life.

USC Sumter emphasizes the development of the whole person and especially seeks to foster in students the disciplines essential to an educated citizenry. Core competencies, including the ability to communicate through effective writing and articulate speech; computational and quantitative mastery; creative and critical thinking; and the duties of citizenship are strategically integrated within the curriculum. Classroom experiences, student activities, and physical education programs also provide opportunities for cultural enrichment, leadership development, intellectual growth and interpersonal relationships, all contributing to a sense of self-reliance and a joy of learning.

## **B. Assessment of Need and Program Planning/Approval**

South Carolina adults are, by and large, undereducated. According to recent statistics, only 20% of South Carolinians between the ages of 25-34 earn a bachelor's, graduate, or other professional degree, which is below the national average.

Lexington County's overall population grew by 13% from 2010 to 2019. During this same time span, the population of persons under 18 years of age grew by 13.8%. This growing population underscores the need for the site in Lexington County and is the primary reason for the request to offer more than 50% of courses required for an associate's degree at the Lexington High School campus, which the site will reach Spring 2024.

Expansion of these course offerings will enable USC Sumter to offer more options for high performing students who are identified as eligible to enroll in college programs.

## **III. Description of Change – Modification to Off-Campus Site**

### **A. Courses**

USC Sumter's academic program and its faculty are divided into four divisions:

- Arts and Letters
- Humanities, Social Science, and Education
- Math, Science, and Engineering
- Business Administration and Economics

Each academic division is led by a chair, elected by the faculty within that particular division for a four-year term.

Course offerings at the Lexington High School site for Fall 2018 were determined between the Academic and Student Affairs officials of USC Sumter and administrators from the District Office of Lexington School District One. The schedule represents a pathway to complete an Associate of Arts (A.A.) degree, where much of the general education requirements necessary for eventual completion of a bachelor's degree at the University of South Carolina are included.

All courses scheduled for the 2021-2022 and 2022-2023 Academic Years at the Lexington site either meet specific requirements of the Carolina Core (the University of South Carolina's general education core for all baccalaureate degrees), or meet specific requirements for USC Sumter's associate's degrees (which include the Carolina Core). The courses scheduled are:

--	---	--

The 2022-2023 schedule of courses comprises 24 of the necessary 60 credit hours (40%) for the A.A. degree. Students completing these courses and continuing with the tentative 2023-2024 schedule would cross into the “50% of degree” mark.

Courses at this site will be offered during the Fall, Spring, and Summer semesters, and may vary slightly based on instructor availability. The intent at this time is to offer more courses required for an A.A. degree at the Lexington High School site.

### **B. Admissions**

To maximize the chances for student success in this program, admissions requirements for acceptance into the Lexington dual enrollment program are higher than they are for tradition freshmen and transfer students at the USC Sumter campus. These may be found in the Admissions section of the USC Sumter website.

### **C. Curriculum**

The curriculum will include the courses listed in Section A , along with supplemental Carolina Core courses as necessary. A detailed overview may be found in the Associate of Arts Degree Curriculum section of the USC Sumter Bulletin.

**IV. Faculty Qualifications – Faculty Qualifications – ACAF 1.20: Credentials Verification for Instructors of Record** requires that the credentials of all instructors of record are in compliance with accreditation requirements. To be an instructor of record, faculty must have completed 18 hours in the discipline above the undergraduate level. Please see [Appendix D](#) for the faculty roster containing information for those faculty teaching required coursework.

### **V. Library & Learning Resources**

No new library resources will be needed to serve this new location. Anderson Library at USC Sumter was established to support “the curricular, scholarly, and pedagogical needs of USC Sumter students, faculty, and staff.” Librarian contact information is readily available on the Anderson Library main page.

The physical library is an hour from the Lexington High School location. Students are able to request materials from PASCAL and Interlibrary Loan and place physical materials on hold at Anderson Library. Their pick-up location will be Anderson

Library and they will need to come to the library with their Carolina Card to check materials out. Access to the library's holdings is easily accessible off site.

Similarly, Anderson Library makes available a wide array of resources through the internet. A selection of databases to which Anderson Library subscribes and which support the academic areas of study at USC Sumter can be found at this link.

Many services are made available to faculty, staff, and students including Inter-Library Loan, and PASCAL Delivers.

## **VI. Student Support Services**

USC Sumter provides numerous student support services which will be extended to students choosing to enroll at the Lexington site. The following lists the services and offers a brief description:

**Admissions:** Services provided by the USC Sumter Office of Admissions and Records are available to enrolled students at the Lexington location. Admissions support services will be available on site at Lexington High School as needed.

**Academic Tutoring:** All students have access to tutoring services through the Tutoring Center at Anderson Library. Sessions can be scheduled for face to face or online with flexible hours to accommodate students' schedules. USC Sumter also subscribes to the online tutoring service Brainfuse. Students gain access to the services in Brainfuse service through links on our website and through Blackboard.

**Disability Services:** Students at the Lexington site will be served through our Disabilities Services Coordinator at USC Sumter. Registration for disability services takes place online.

Accommodations are determined by the Office of Disability Services. Accommodations are approved on a case-by-case basis, and are governed by the American with Disabilities Act (ADA) and/or Section 504 of the Rehabilitation Act of 1973. Site visits to the Lexington High School location for consultations will be scheduled as necessary and accommodations will be provided on site as deemed appropriate.

**Financial Aid Counseling/Veterans Affairs:** The USC Sumter Office of Financial Aid and Veterans Affairs will process and support students eligible for financial aid and other services (veteran and active duty) from the USC Sumter campus. Financial aid counseling and veteran support will be available on site at Lexington as needed.

**Personal Counseling:** Personal Counseling will be available to students by Lexington High School professional staff. Additionally, students can consult with the contracted personal counselor at USC Sumter by phone or in person at USC Sumter.

**Careers and Internships/Jobs Page:** USC Sumter maintains on its website resources for students as they near completion of their degrees and begin the transition to their professional careers. These resources include internship lists, a job vacancy listing, career exploration resources, resume samples, tips, and strategies.

**Bookstore:** The USC Sumter campus bookstore is located in the Student Union Building on the USC Sumter campus. Students at the Lexington site may pre-order their textbooks through the bookstore website and books will be delivered to Lexington High School for student pick up.

## **VII. Physical Resources**

The Lexington site is in an existing Lexington One School District high school with adequate physical resources to accommodate enrollments with room for growth.

The district has allocated a sufficient number of classrooms to accommodate the USC Sumter courses. Each classroom is equipped with state-of-the-art technology to facilitate instruction with minimal to no additional equipment requirements from USC Sumter.

Being that the program is occupying an existing educational facility, all basic infrastructure needs are met. Although no major equipment purchases are anticipated to get the program off the ground, small items may be obtained to support individual disciplines as the program evolves. Such small items might include laptop computers, printers, projectors, screens, document cameras, and consumable items such as dry erase markers, copy/printer paper, and other incidental office supplies. Small purchases will be absorbed into the proposed budget for this site and other existing campus budgets such as the IT budget. As enrollments and space requirements grow, unique needs such as supplies for art classes or science classes will be identified and added to the annual operating budget.

The Lexington High School location will not have a substantive impact on existing programs and services.

## **VIII. Financial Support– (See [Appendix E](#))**

The financial sources for expanding from 25%-49% to more than 50% of the program are provided for directly from tuition funding. The projected revenue is based on the current High School Lottery Tuition Assistance Program rate of \$85/credit hour and anticipated student enrollment. Tuition revenues are expected to gradually increase as more students take advantage of the opportunity to complete more than 50% of the program at the Lexington High School site. In the revenue projections, year one is expected to reach \$75,000. Program administration, faculty, and staff salary expenditures for year one are projected for \$62,000.

## **IX. Institutional Evaluation & Assessment Processes**

Assessment of all academic courses is done through course evaluations, onsite observations, and through the University of South Carolina Assessment procedure. For courses which meet Carolina Core requirements, assessment is coordinated through the office of Palmetto College, which prepares an annual assessment report.

Course evaluations address topics such as quality of instruction, adequacy of facilities, adequacy of library resources, technology, and faculty availability (outside of class time).

Learning outcomes for students enrolled at USC Sumter who take courses at the Lexington High School site are included in the annual assessment reports for all Associate degree programs.

Submission date:

**11/24/2021**

Intended Implementation date:

**1/1/2022**

Case ID:

**SC017415**

Please be aware that, starting January 2021, the institution must have their first two new off-campus instructional sites approved by extensive review. Institutions on substantive change restriction must have all off-campus instructional sites approved by extensive review. Prior to the off-campus instructional site reaching the 50% threshold for a program, a prospectus for approval by extensive review must be submitted for review at the next regularly scheduled SACSCOC Board of Trustees meeting. The deadlines are:

- March 15 for the June meeting
- September 1 for the December meeting

If the institution has been approved for at least two off-campus instructional sites by extensive review, is not on substantive change restriction, a prospectus for approval by limited review should be submitted **prior** to reaching the 50% threshold. As a reminder, the 50% threshold requiring approval applies to any program offered by the institution, i.e., certificate, diploma, and degree programs. The due dates for submission of a prospectus are:

- January 1 for sites reaching the 50% threshold between July 1 and December 31 of the current year, *or*
- July 1 for sites reaching the 50% threshold between January 1 and June 30 of the following year.

The required elements may be found in Appendix A of the *SACSCOC Substantive Change Policies and Procedures* available on our website, [www.sacscoc.org](http://www.sacscoc.org).
