SACSCOC Prospectus Review Letter

August 11, 2014

Mr. Donald Miles
Executive Director of Institutional
Assessment and Compliance
University of South Carolina - Columbia
1710 College Street
Columbia, SC 29208

Dear Mr. Miles:

Thank you for your letter of May 15, 2014, transmitting a prospectus for the offering of 50% or more of programs at a previously unapproved off-campus site.

The location of the site is as follows:

USC Union Laurens Site
507 North Harper Street
Suite L
Laurens, SC 29360

The Laurens site of the University of South Carolina Union began offering classes in 1983, and in 2002, moved to the Laurens County Higher Education Center at 663 Medical Ridge Road, Clinton, SC 29325. No notification of that location could be found in the Commission's records. In January 2014, USC Union relocated its Laurens site to the above address in Laurens, SC. The site is consistent with the mission of the University and its site in Union, SC, to meet the educational needs of students in that location. Since the relocation, an increase in credit hours taught at the site and the demand for more courses indicate a need for the site.

Courses are offered at the site in liberal arts, computer science, organizational leadership, and business. An audit performed in 2012, indicated that some Union students were completing more than 50% of the credits required in associate degree programs. However, no approval was sought for the site at that time. The prospectus included a letter from the Commission dated February 2, 2012, stating that the institution's accreditation "includes extended program sites wherever located (including Lancaster, Salkehatchie, Sumter, and Union)." However, the site now in Laurens was never reported or approved to offer 50% or more of a program and thus it was not visited during the University's reaffirmation activities in 2011.

Admission policies for the Laurens site are the same as for students at the Union Campus. Currently a variety of courses is offered to predominantly non-traditional students and those courses can count toward several different degree programs which were not listed. The prospectus notes that only courses, not programs, are offered at the site but that 50% or more of credits required in programs can be earned. **Please identify the programs for which students may earn 50% or more of the credits.** Course descriptions for courses taught in fall 2011, spring 2012, and fall 2012, were provided. **Please provide information concerning courses to be taught fall 2014.**

Page 2
Mr. Miles
August 11, 2014

The attached program proposal to the South Carolina Commission on Higher Education states that "this program will be delivered through live, face-to-face classes; two-way video streaming classes; and occasional online classes." However no information was provided concerning resources at the site which would allow for two-way video streaming classes or online classes. **Please provide information concerning the instructional methodologies used at the site.**

Administrative oversight and responsibility for the off-campus site was not explained. **Please provide information concerning who provides oversight for the site.** USC Union full-time and part-time faculty members teach all courses at the Laurens site. A roster was included for fall 2012, spring 2013, and fall 2013. While the following faculty members may be qualified to teach the courses assigned to them, those qualifications are not clear, and **the institution should provide additional explanatory information documenting their qualifications:**

1. Thomas Bishop: Teaches MUSC 129 (University Chorus) and holds the B.A. in Music Education. No additional qualifications were provided.
2. Stephen Buchanan: Teaches PEDU 121 (Beginning Tennis) and holds the M.A. in Psychology. No additional qualifications were provided.
3. Ter Buritica De Mayon: Teaches SPAN 109 (Beginning Spanish I) and SPAN 122 (Basic Proficiency/SPAN) and holds the J.D. degree. Experience as a tutor and teaching would not provide evidence of qualifications.
4. Michael Greer: Teaches POLI 201 (American National Government) and holds the M.P.A. degree. Qualifications are not clear.
5. Neill Hance: Teaches SPCH 140 (Public Communication) and holds the M.F.A. in Drama. The notation that he has past experience teaching public speaking courses would not be evidence of qualifications to teach the course.
6. Jessica Holland-Davis: Teaches BIOL 232L (Anatomy Laboratory) and holds the B.A. in Experimental Psychology. Qualifications are not clear.
7. Roy Redman: Teaches ACCT 225 (Intro to Financial Accounting) and holds the M.B.A. in Management. Only three graduate hours earned in ACCTG 101 (Managerial Accounting) was listed.
8. Charles Sublett: Teaches POLI 201 (American National Government) and holds the M.A. in History. Only two of the graduate courses listed as taken would appear to relate to the course assigned.
9. William Taylor: Teaches CSCE 101 (Intro Computer Concepts) and RCAM 151 (Computer Literacy and Application) and holds the M.B.A. No additional information was provided.
10. Susan Corley: Teaches HIST 111-112 (U.S. History) and holds the M.Ed. in Secondary Education. Only two graduate courses taken in U.S. History were listed.

Page 3
Mr. Miles
August 11, 2014

Please consult Comprehensive Standard 3.7.1 which requires that the institution document the qualifications of faculty members to teach the courses assigned to them. These qualifications may include such things as academic preparation, professional experiences, research, and publications but they must be specified and related to the courses assigned. If a faculty member has earned graduate credits that relate to the course(s) assigned but the credits would not be readily apparent from the degree earned, the graduate courses and credits should be listed and the relationship to the assigned courses should be clear. The institution must make its case that the number and nature of the graduate credits are sufficient to qualify the faculty member to teach the courses assigned.

Learning resources at the Union campus are available to students at the site as well as all collections throughout the University of South Carolina System through interlibrary loan and the librarian at the Laurens Learning Resources Center assists students in accessing resources. Collections on site at the USC Union campus are supplemented by electronic books and audio-visual materials. Databases are available as well. While the prospectus notes that courses, not programs, are offered at the site, students can earn 50% or more of programs. **Discipline-specific learning resources to support the courses offered at the site should be listed.**

Student support services at the USC Union campus were described but how students at the Laurens site can access specific support services was not explained. **Please provide specific information concerning the student support services which are available to students at the Laurens site along with information concerning how those students may access the services.**

The Laurens location consists of 3,000 square feet of space to include three classrooms, offices, a lobby, a break room, and a library which is listed as having three computers for student use. **Please provide evidence of adequate physical resources to accommodate learning resource provision for students at the Laurens site.** One of the classrooms apparently contains fifteen desktops and serves as a computer lab but only when the classroom is not used for classes. Information concerning adequacy of financial support included reference to "upfitting costs" of the site including new table and chairs for classrooms and smart room equipment for one classroom as well as library shelving. **Please provide evidence that physical facilities at the site are adequate to support the offerings at the site.**

We defer action concerning the Laurens off-campus site pending review of the above requested information.

Because 50% of a degree program has been offered at an unapproved off-campus site, the College is in apparent non-compliance with Comprehensive Standard 3.12.1. **Please submit to my office by April 8, 2015, four copies of the policy and procedure document the institution has developed to ensure timely reporting of substantive change in the future. Please submit the four copies under a separate cover letter. Do not include them with other substantive change submissions.** The document will be forwarded to the SACSCOC Board of Trustees for review at its June 2015 meeting. In developing the documents, please consult *Best Practices for Developing Policy and Procedures Documents*, published on our website under the Policies and Publications button.

SACSCOC Request for Additional Information #3: The attached program proposal to the South Carolina Commission on Higher Education states that "this program will be delivered through live, face-to-face classes; two-way video streaming classes; and occasional online classes." However no information was provided concerning resources at the site which would allow for two-way video streaming classes or online classes. **Please provide information concerning the instructional methodologies used at the site.**

The three classrooms at the Laurens location have new tables and chairs on rollers designed for the adult learner. In all classrooms, faculty members have a high-tech podium and an elevated chair in order to control the sophisticated technology. With a desktop computer on the podium, faculty can project PowerPoint presentations, access the internet, and show information on a large screen.

Two of the classrooms are equipped with video-streaming technology to deliver courses between the Union and Laurens sites. These technologies enable faculty members in Union or Laurens to teach students at the other site. Transmissions use live, two-way video and audio. Cameras are located in two classrooms at both locations, and if students are enrolled in a class at both sites, they can interact as well. Microphones at the instructor station and at student tables enable audio communication to accompany the video transmission. Thus, a faculty member in Union can teach students in Laurens interactively. The equipment also enables the transmission of computer desktop images (for PowerPoint presentations, online videos, or other content), VHS, and DVD content with little or limited lag.

The third classroom at the Laurens location does not have video-streaming technology, but does have 13 desktops with the capacity for 17, so that it can function as a computer lab when not in use for a class.

Support for online classes is offered at the Laurens location via the computer lab classroom and three library computers. Students are welcome to use any available computer in these spaces to conduct their classwork in an online course. This is important for students who do not have sophisticated technology in their rural homes.

SACSCOC Request for Additional Information #4: Administrative oversight and responsibility for the off-campus site was not explained. **Please provide information concerning who provides oversight for the site.**

Administrative oversight of the Laurens site of USC Union is handled by a full-time Center Director who reports directly to the USC Union Dean. The Center Director is a member of the Dean’s Council. Two part-time administrative specialists and student workers provide additional support for the site. One of the administrative specialists serves as community liaison.

SACSCOC Request for Additional Information #5: USC Union full-time and part-time faculty members teach all courses at the Laurens site. A roster was included for fall 2012, spring 2013, and fall 2013. While the following faculty members may be qualified to teach the courses assigned to them, those qualifications are not clear, and **the institution should provide additional explanatory information documenting their qualifications:**

The University’s original prospectus submission included the rosters for fall 2012, spring 2013, and fall 2013. In response to SACSCOC’s questions, the University is providing a copy of the most recent faculty roster available, fall 2014.

The following chart indicates the disposition of the faculty members in question that were included on the first three rosters that were submitted:

The University has provided a faculty roster for fall 2014. Copies of transcripts for faculty teaching at the Laurens site for fall 2014 are also provided as documentation. Letters of justification have been provided for faculty that needed additional justification for the courses taught in fall 2014. The Laurens site faculty roster in combination with the transcripts provide sufficient documentation that faculty at the Laurens site meet or exceed 18 graduate semester hours in the teaching discipline for the courses that they are teaching.

SACSCOC Request for Additional Information #6: Learning resources at the Union campus are available to students at the site as well as all collections throughout the University of South Carolina System through interlibrary loan and the librarian at the Laurens Learning Resources Center assists students in accessing resources. Collections on site at the USC Union campus are supplemented by electronic books and audio-visual materials. Databases are available as well. While the prospectus notes that courses, not programs, are offered at the site, students can earn 50% or more of programs. **Discipline-specific learning resources to support the courses offered at the site should be listed.**

Laurens Campus Library Resources

Students at the Laurens site have access to all available learning resources through the PASCAL system and all USC system library resources. The library at the Laurens location of USC Union has three computers dedicated to accessing learning resources. The Laurens Center Director and Administrative Specialists have been trained by the USC Union Library Manager to assist students with the various processes for acquiring information. The assistant librarian from the Union campus goes over to the Laurens site on a regular basis.

There is a library of 925 books ([Appendix F: Laurens site Catalog](#)) on site that students may check out, and students may borrow books from the Union Library. Such materials are transported multiple times each week.

A reference question that cannot be answered at the Laurens campus may be submitted to the Union campus at 429-8728, ext. 7714 or 7716.

PASCAL provides access to the books of over 40 libraries in South Carolina. A student, staff member, or faculty member may borrow up to 25 books for a three-week period, with a two-week renewal period. PASCAL also provides access to databases. Students, staff, and faculty may also borrow from PASCAL. Books borrowed through PASCAL come to the Union campus library and are transported to the Laurens site. This usually takes about 4 days.

Inter-Library Loan – Books may be borrowed from any library in the continental United States. The book will be sent to the Union Library and transported to the Laurens location. The short-coming of ILL is that it is very slow. Books may take as long as a month to arrive. This service is valuable to faculty doing research for papers over a long period of time.

Databases--There are 92 databases available including those topics listed below. The databases are provided by the Columbia campus, by PASCAL and by the South Carolina State Library (DISCUS). There is no charge to the Laurens site. ([Appendix G: Available Databases for LAURENS Site by Course/Discipline](#)) links available databases for the Laurens site by course/discipline.

If, on the rare occasion, our website is not available, students may access our databases, at the State Library A to Z databases, available at <http://www.scdiscus.org/>

Union/Laurens database topics include:

- General reference databases
- History and biography
- Humanities, Literature and English
- Psychology, Sociology, and Education
- Business
- Law, Military and government
- Environment, nature, animals
- Health, nursing, medicine and pharmacy
- Newspapers, and journals
- Spanish
- Science, and Technology, including general, chemistry, geology, physics, and biology
- eBook collection Total = 248,475

eBook Academic Collection (EBSCOhost)	133,714
eBook Collection General Collection (EBSCOhost)	148,821
Union/Laurens eBook Collection	1,950
Total	284,475

All of the Union/Laurens eBook collection (1950 items) must be read on a computer. All EBSCO eBooks may be downloaded to a Kindle or Nook or other reader for a period of 14 days.

An alphabetical list of all the databases available at the Laurens site is also provided as supporting documentation ([Appendix H: Laurens site Database List](#)).

SACSCOC Request for Additional Information #7: Student support services at the USC Union campus were described but how students at the Laurens site can access specific support services was not explained. **Please provide specific information concerning the student support services which are available to students at the Laurens site along with information concerning how those students may access the services.**

The Laurens site of USC Union is open 8:30 to 5:00 Monday through Friday. The Center Director has a strong student services background and helps students individually with advising and registration and other needs ([Appendix B: Laurens Site Center Director CV](#)). She regularly attends conferences in her field. The Center Director for the Laurens site is trained on how to access all of the student support services. The Laurens site has a local student handbook and student at the Laurens site also has access to the student affairs support of the Union and Columbia campuses. The enrollment manager handles the student activities and other student support services. Every year the Laurens site has faculty training.

The Union campus is a phone call away, and members of the Admissions, Registrar, and Financial Aid offices regularly go to the Laurens campus to assist. The local USC Union Student Handbook is available online as are all the Student Support Services of USC. Appropriate websites include:

The Center Director leads student activities at the site. Participation in USC Union student organizations and access to the services of the Opportunity Scholars Program (OSP) must be accomplished electronically or on the Union campus approximately 30 miles away. The Enrollment Manager for USC Union, OSP Director, and Laurens Center Director collaborate regularly to discuss ways to increase and foster student participation.

USC Union and USC Union at Laurens Student Services

1. Academic Success services – There are tutoring services available to Union Campus and Laurens site students through Opportunity Scholars Program (OSP) and the Student Ambassador Program tutors. The tutors are available at the Union Campus for use by Laurens site students through visiting the Union Campus as well as through email or phone conversations.

SACSCOC Request for Additional Information #8: The Laurens location consists of 3,000 square feet of space to include three classrooms, offices, a lobby, a break room, and a library which is listed as having three computers for student use. **Please provide evidence of adequate physical resources to accommodate learning resource provision for students at the Laurens site.**

The USC Union Laurens site serves at most 40 to 50 students at the location at one time. Only 39 students are in classes in the facility simultaneously in fall 2014. Two classrooms are equipped for video streaming. One classroom that functions as a computer lab, currently has 13 computers with the capacity to have 17 computers. Most of the students attending this location have their own laptop computer.

The Laurens location meets the current needs of the students, faculty, and staff. The interior of the facility was designed and renovated in the fall of 2013 to accommodate 60 individuals. Additional space in the building can be used for expansion when and if the student population grows.

A reception area and lobby allow students to gather for informal conversations. The two part-time administrative specialists and student workers utilize this space and an adjacent office area for their work as receptionists and support staff.

The Center Director and an on-site faculty member have private offices. Two additional areas with desks and computers across from the library are available for adjunct faculty use. A kitchen/break room is located in the facility as well as handicap-accessible bathrooms.

The Laurens site is equipped with data and phone cabling which provide data and phone connection throughout the Laurens site. A metro-E circuit was also installed at the Laurens site and the circuit provides connectivity between Laurens and the Union locations. There are three Aruba AP 105 wireless access points installed in at the Laurens location. Since most of the students attending this location have their own laptop computer, the wireless access points provide students with access to wireless

internet at the Laurens site. An exhaustive list of computer, audio/visual equipment, and furnishing for the Laurens location can be found in ([Appendix A: Laurens Site Information Technology Expenditures](#)) is evidence that the Laurens site has adequate physical resources to accommodate learning resources provision for students at the site.

SACSCOC Request for Additional Information #9: One of the classrooms apparently contains fifteen desktops and serves as a computer lab but only when the classroom is not used for classes. Information concerning adequacy of financial support included reference to "upfitting costs" of the site including new table and chairs for classrooms and smart room equipment for one classroom as well as library shelving. **Please provide evidence that physical facilities at the site are adequate to support the offerings at the site.**

The USC Union Laurens site serves at most 40 to 50 students at the location at one time. All of the rooms have tables and chairs that can easily be moved around to accommodate the setup that is conducive for learning. An exhaustive list of equipment and furnishing for the Laurens location can be found in ([Appendix A: Laurens Site Information Technology Expenditures](#)).

In fall of 2014, the University conducted a student and a faculty survey regarding the adequacy of the physical facilities at the Laurens site.

The following is a summary of the feedback received from students attending the USC Union – Laurens site. A total of 13 students responded to the survey. Four students did not answer the item and questions on the back page of the survey. Student satisfaction with classroom setup, chairs/desks/tables, restroom facilities, and classroom technology were all 90% and above. Student satisfaction with all physical facilities surveyed was above 78%.

	Very Satisfied	Somewhat satisfied	Neutral	Somewhat dissatisfied	Dissatisfied	NA	Satisfaction Rates (Very Satisfied and Somewhat Satisfied)
Library Services	3	4	2			4	78%*
Classroom Setup	8	3	1				92%
Chairs & desks/tables	9	2		1			92%
Restroom facilities	7	5				1	92%
Computer lab	9	2	1			1	85%
Classroom Technology	6	3			1		90%

*Excluding NA responses.

The following is a summary of the USC Union – Laurens Location faculty survey. Of the eight faculty members surveyed, all indicated that the facilities, equipment, furniture, etc. were adequate to support the offerings at the Laurens location. Two comments indicated that the dissatisfaction with technology was when it did not function properly.

	Very Satisfied	Somewhat satisfied	Neutral	Somewhat dissatisfied	Dissatisfied	NA	Satisfaction Rates (Very Satisfied and Somewhat Satisfied)
Quality of classroom/lab facilities	5	3					100%
Technology in the classroom	6		1	1			75%
Library resources	4		2			2	67%*

*Excluding NA responses.

LEADERSHIP ACCOMPLISHMENTS

Campus Dean and tenured Professor of History. University of South Carolina Union, a Palmetto College campus. June 2013-present.

University Service

- As member of Palmetto College Executive Council, help guide the direction of this new entity in the University of South Carolina system. Palmetto College combines two-year regional campuses with online degree programs from the flagship USC campus and 3 senior comprehensive campuses—USC Aiken, USC Beaufort, and USC Upstate.
- Lead campus strategic planning and implementation process. In Fall 2013 involved faculty and staff in developing new abbreviated mission, long-term goals, and task forces to work on specific projects. Established Student Ambassador program as a result. In Fall 2014 task forces are focusing on Student Academic Success Center, academic initiatives, and community engagement.
- Report regularly to the Union/Laurens Commission on Higher Education. Recently enlisted their support for our position regarding the partnership agreement with Union County and Spartanburg Community College.
- Enlisted a new member for the USC Union Educational Foundation Partnership Board. Meeting with board to refresh bylaws and recruit new members.
- Leading 50th Anniversary Celebration planning through community meetings and committee development
- Led campus in achieving record enrollment from approximately 500 annually to 676 for Fall 2014.

Program Development or Enhancement

- With Chancellor Sandra Jordan of USC Aiken designed the Pacer Pathway program for freshman to take USC Union courses and reside on the Aiken campus. These freshmen do not meet USC Aiken admission standards but do meet ours. Successful start with 38 students in August 2014.
- With Union School District planning an Early College program for select group of Union students to complete Associate's degree by the time they graduate from high school. Low income, first generation students complete Bachelor's degrees at significantly higher rate with this kind of special program.
- Partnering with USC Board of Trustees member and Palmetto College Chancellor to determine how to serve women in state correctional facility.
- Guided staff to begin working regularly with Veterans' Affairs office in Laurens to help recruit from the 10,000 veterans in Upstate, South Carolina.
- Encouraging faculty to put more general education classes into an online format so that USC Union can expand beyond our rural boundaries.
- Have met four times with USC Upstate leadership to discuss seamless transition to Bachelor's programs for our Associate Degree students.

Facilities Management

- With Physical Plant Manager and USC Project Manager and Architect leading the development of a Bookstore and Student Center on Main Street in Union.
- Work regularly with USC Project Manager and other USC officials to try to create and execute facilities projects.
- Lobbying for the use of a Union County facility across the street from campus.
- Meet regularly with Union County Advanced Technology Center Director to address needs and concern of that facility where we teach general education courses.

Fund-raising

- Adjunct faculty member has provided \$100,000 endowment for a scholarship in memory of his spouse.
- Leading Campus Beautification Campaign inspired by a master plan as part of upcoming 50th anniversary celebration in 2015.
- Working with a development expert with Palmetto College in Columbia to cultivate donors for significant gifts.

External Relations

- Through diplomacy restored original agreement for one year for the Union County Advanced Technology Center so that we may offer all the general education classes at the site while Spartanburg Community College offers technical training. Beginning renegotiation process.
- Member of the board of the Office of Economic Engagement at the University of South Carolina. Invited Director to speak at local Rotary meeting in March 2014.
- Work with local media alongside Marketing Director to increase campus visibility and positive perception.
- Proofread marketing materials for accuracy and consistency with Palmetto College marketing campaign.
- Sponsored an event in fall 2013 by Governor Nikki Haley's Original Six Foundation, a family foundation to support the 10 poorest counties in the state through programming and assistance. Met with Foundation Director recently to discuss next initiative—county strategic planning.
- Worked with Union Mayor and city planner on re-zoning for new Bookstore and Student Center of Main Street.
- Attended and financially supported Carlisle Back to School event in August 2013 and 2014.

- Served as hostess for sponsors of Uniquely Union town festival in September 2013 and sponsor in 2014.
- Member of and hostess for campus events for the Union County Arts Council.
- Attended a Teaching Man program at USC Upstate in Fall 2013. Working with Director to develop mentoring opportunities for college students to work with middle school students in Union County.

Professor of History. Shorter College. Rome, Georgia. 1984-2005. (Instructor, 1984-1989; Assistant Professor, 1989-1994; Associate Professor, 1994-2002; Professor, 2002-2005; Tenured, 1992).

Please note that the following are highlights of 21 years of devoted service to Shorter. Throughout this service, I taught at a minimum 2 courses a semester and during my early career 5 courses a semester. If I were to dissect each position and try to list the accomplishments, the information would fill dozens of pages and would be repetitive, since I held so many roles simultaneously. Therefore, please forgive the brevity of this list. Anyone employed at Shorter through the years I served the institution can be contacted for information about my leadership, example, and deep concern for the welfare of all the human beings (and stray cats) who came onto

the campus.

University Service

- Served on the Vice President for Academic Affairs Council, later renamed the Provost Council beginning in 1988.

Subject: Re: approvals for SPCH at USC Union

Thanks.

The justification is based upon 25 years of teaching Public Speaking. According to SACS, faculty qualifications can be based upon :

related work experiences in the field, professional licensure and certifications, honors and awards, continuous documented excellence in teaching, or other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes.

According to these criteria, Hance's 25 years of experience teaching the course definitively meets the standard of "work experience in the field" and "other demonstrated competences" given that his teaching evaluations also meet the standard of "continued documented excellence in teaching."

Steve,

Cheryl Hampton has an MA in Communication, which more than meets the SACS requirements

for teaching SPCH 140.

How long has Neill Hance been teaching and may I have a cv?

Mindy,

Thanks for your approval of Cheryl Hampton to teach SPCH 140 at USC Union. Recently, in the context of expanding our program at our Laurens facility, we underwent a proposal review by SACS COC. In that review, some questions were raised about Neill Hance, who was approved to teach SPCH 140. In addition, our dean is concerned about the lack of "a graduate course on public speaking."

The SACS document we have states the following concern regarding Hance:

Neill Hance: Teaches SPCH 140 (Public Communication) and holds the M.F.A. in Drama. The notation that he has past experience teaching public speaking courses would not be evidence of qualifications to teach the course.

I am writing to request a justification for Neill Hance beyond his initial approval. In addition, a justification or explanation regarding Cheryl Hampton would be greatly appreciated.

Attached herein are Hance's original approval and transcripts, as well as Hampton's credentials.

If you have any questions, please feel free to contact me.

Subject: RE: approvals for PEDU classes at USC Union

Dr. Mr. Lowe-

I have reviewed the credentials of Dr. Steven Buchanan relative to the skills needed to teach PEDU 121 (Beginning Tennis). His vitae is strong relative to his tennis experience. I am confident that Dr. Buchanan has the knowledge and skills necessary to teach beginning tennis. Specifically related to tennis he has:

1. Served as the Director of Tennis for the Union Country Tennis Association
2. Directed Community Tennis Programs for the Union County Recreation Department
3. Served as a Tennis Pro for the Union County Country Club
4. Achieved a player ranking of "number two" in the South Carolina Division of the USTA in the 35 and 45 age groups.

The credentials above indicate Mr. Buchanan is highly experienced as a teacher, player and coach in the sport of tennis.

Subject: approvals for PEDU classes at USC Union

Dr. Nilges-Charles,

Recently, in the context of expanding our program at our Laurens facility, we underwent a proposal review by SACS COC. In that review, some questions were raised about Steve Buchanan, who was approved to teach PEDU 121 and others quite a while ago.

The SACS document we have states the following concern regarding Dr. Buchanan:

Stephen Buchanan: Teaches PEDU 121 (Beginning Tennis) and holds the M.A. in Psychology.
No additional qualifications were provided.

I am writing to request a justification letter for Steve beyond his initial approval.

Attached herein are their original approvals and transcripts. I imagine you'll need some more to go on, so please let me know what else I can provide.

If you have any questions, please feel free to contact me.

Thanks,

Steve

Hello- Based on his prior experience teaching volleyball and the fact that his student evaluations are primarily favorable, I support Steve Buchanan teaching volleyball.

Can he provide a class syllabus as well as a summary of his teaching evaluations from the last three times he taught the course? I don't believe what is provided below is enough.

Hi Linda,

Steve Buchanan also teaches a Volleyball course. His credentials aren't quite as formal, but he has been approved in the past. Here's what he recently sent:

Obviously, it has been some time since that initial approval, but as I recall during that period of time I was actively playing organized volleyball in county recreational and church leagues. I played intramural volleyball in college. Other than these, I have not had any formal experience playing volleyball. Perhaps the fact that my undergraduate minor was health and physical education influenced the initial decision to approve me to teach volleyball. I enjoy teaching the volleyball class, and the students seem to enjoy it (the course evaluations and the feedback I receive indicate this), but I would completely understand if I am not approved to teach the course in the future.

If you could make a ruling to either effect, I would greatly appreciate it.

Best,

Steve

Dr. Mr. Lowe-

I have reviewed the credentials of Dr. Steven Buchanan relative to the skills needed to teach PEDU 121 (Beginning Tennis). His vitae is strong relative to his tennis experience. I am confident that Dr. Buchanan has the knowledge and skills necessary to teach beginning tennis. Specifically related to tennis he has:

1. Served as the Director of Tennis for the Union County Tennis Association
2. Directed Community Tennis Programs for the Union County Recreation Department
3. Served as a Tennis Pro for the Union County Country Club
4. Achieved a player ranking of "number two" in the South Carolina Division of the USTA in the 35 and 45 age groups.

The credentials above indicate Mr. Buchanan is highly experienced as a teacher, player and coach in the sport of tennis.

DEPARTMENT OF LANGUAGES, LITERATURES,

October 1, 2014

Stephen Lowe, Ph.D.
Associate Dean for Academic Affairs
USC Union

Dear Dean Lowe:

I am pleased to write an additional justification letter for the accreditation of Teresa Buritica de Mayon to teach first-year Spanish classes at USC Union.

While it is correct that Ms. Mayon does not possess specific academic qualifications for teaching Spanish, I refer to the SACS guidelines which allow for the following in making accreditation decisions (I am highlighting some of the portions relevant to this case):

“competence, effectiveness, and capacity, including, as appropriate, undergraduate and graduate degrees, related work experiences in the field, professional licensure and certifications, honors and awards, continuous documented excellence in teaching, or other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes.”

Beyond being a native speaker, which on its own would not be a sufficient criterion, Ms. Mayon has a stellar teaching record from her years at Clemson University, which includes positive peer evaluations and consistently high scores from student evaluations, generally all above the 4.0 mark. The comments from her students attest to her high degree of enthusiasm, energy and commitment to teaching Spanish and to the quality of the instruction she offers.

Based on these documents, I see no reason why she should not be accredited and permitted to teach at this same level at USC Union in the future.

Sincerely,

Nicholas Vazsonyi, Interim Chair
Department of Languages, Literatures & Cultures
Jesse Chapman Alcorn Memorial Professor of Foreign Languages
Professor of German & Comparative Literature

RE: Approval for William D. Taylor for RCAM 151

I am in receipt of your request to approve Mr. William D. Taylor to teach RCAM 151, Computer Literacy an Application. According to the course description, "Upon completion of this course the student will be able to describe the general components of computers and what they do, effectively use the Internet to locate and/or publish information, effectively use a computer operating system and utility applications (e.g. Windows and virus protection to manage and protect the files), and demonstrate the effective use of contemporary application software - Microsoft Office Suite, Word, Excel, PowerPoint, and Access."

Based upon Mr. Taylor's MBA, his certification as an ASQ quality engineer, and his seven years' successful experience in teaching introductory Computer Science at USC Union, I find his qualifications to teach the course to be in keeping with the SACS requirements, based on his professional background and prior teaching experience.

Thank you.
