

# PGY1 PHARMACY RESIDENCY PROGRAM

AMBULATORY CARE FOCUS

**College of Pharmacy**  
UNIVERSITY OF SOUTH CAROLINA

## About Us

**Self Regional Healthcare** is well respected in the region and the state as an organization committed to continually advancing care for the communities we serve. Self Regional Healthcare is a 358-bed not-for-profit community facility. A diverse population of over 200,000 makes up its referral base across the seven-county area. The major surgical and medical specialties are well represented, with more than 150 physicians on staff, and many directly involved in resident training.

**The University of South Carolina College of Pharmacy** is located in the heart of USC's Columbia campus, one block from the student union, university library and historic Horseshoe. Our partnership allows residents to experience teaching, precepting, research and mentoring as a means of giving back to the profession.

## About Greenwood, SC

Nestled within the rolling hills of South Carolina's Upstate region, Greenwood enjoys small town appeal without being small. The revitalized city center provides fine dining, fine arts, cultural and historical experiences, theatre, an Uptown Farmer's Market, library and high fashion shopping all within a two-mile stretch.

The Lakelands region provides ideal living conditions: great climate, affordable cost of living, not to mention close proximity to lakes, big city shopping and entertainment, annual festivals, historic towns and some of the greenest golf courses imaginable.
