

Request for Third-Party Comments

The Arnold School of Public Health at the University of South Carolina is undergoing review by the Council on Education for Public Health (CEPH) for reaccreditation. Part of this process is the provision of a third-party comment period, which allows anyone, including students, alumni, faculty, staff, community and practice partners, and members of the public, to share relevant information about the school directly with CEPH.

If you have any information about the Arnold School you would like to share with CEPH to inform their review, send your comments to submissions@ceph.org by Friday, September 6th 2024.
